GOLD '73

Great persons are able to do great kindnesses.

Miguel de Cervantes

Kindness in words creates confidence, Kindness in thinking creates profoundness, Kindness in giving creates love.

Lao-Tse

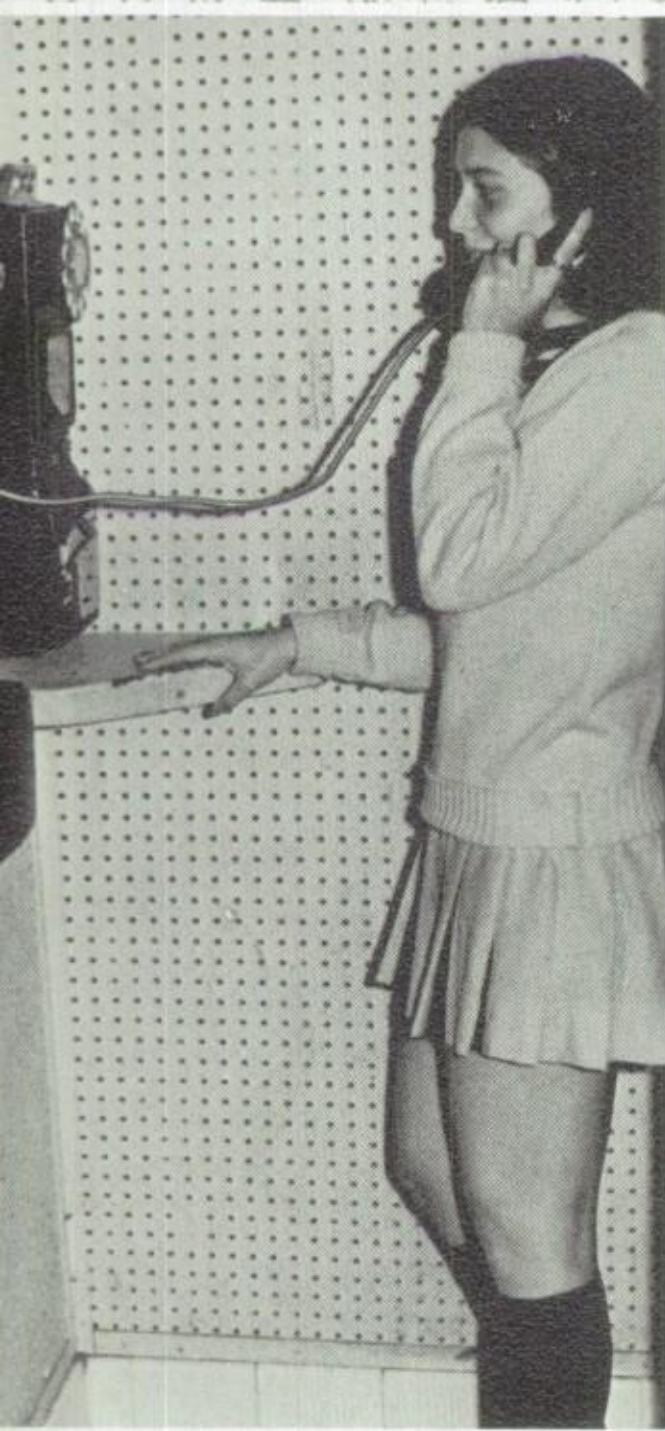

What wisdom can you find that is greater than kindness?

Jean Jacques Rousseau

In a world so often faced with adversity and indifference, the discovery of a cheerful, friendly human being can be both a gratifying and delightful experience. An encounter with such an individual can minimize the ill effects sustained in any one day. Fortunately, Unionville High School is honored with the presence of this type of person. Her sweet simplicity and immeasurable kindnesses are indeed an asset to our school. Not a day passes without her kind and generous greetings. For these reasons, we the Class of 1973, take great pleasure in dedicating our yearbook to Mrs. Helen Webster, a truly unique individual.

Mrs. Helen Webster

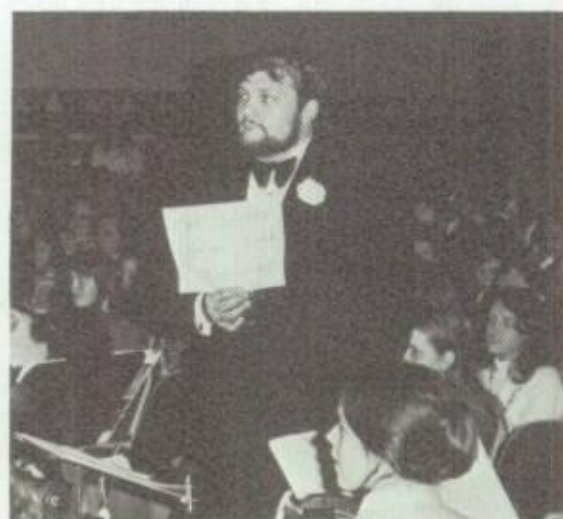

Art is a means of communication which transcends all cultural barriers. Through this form one relates his emotions and experiences more directly.

Margelaine O'Kea

Today is yours
to live.
Unknown.

When a yearbook theme is chosen, its ability to unify scattered documentation and memories is an important consideration. Somehow, the many pieces must be for one thing ... one idea.

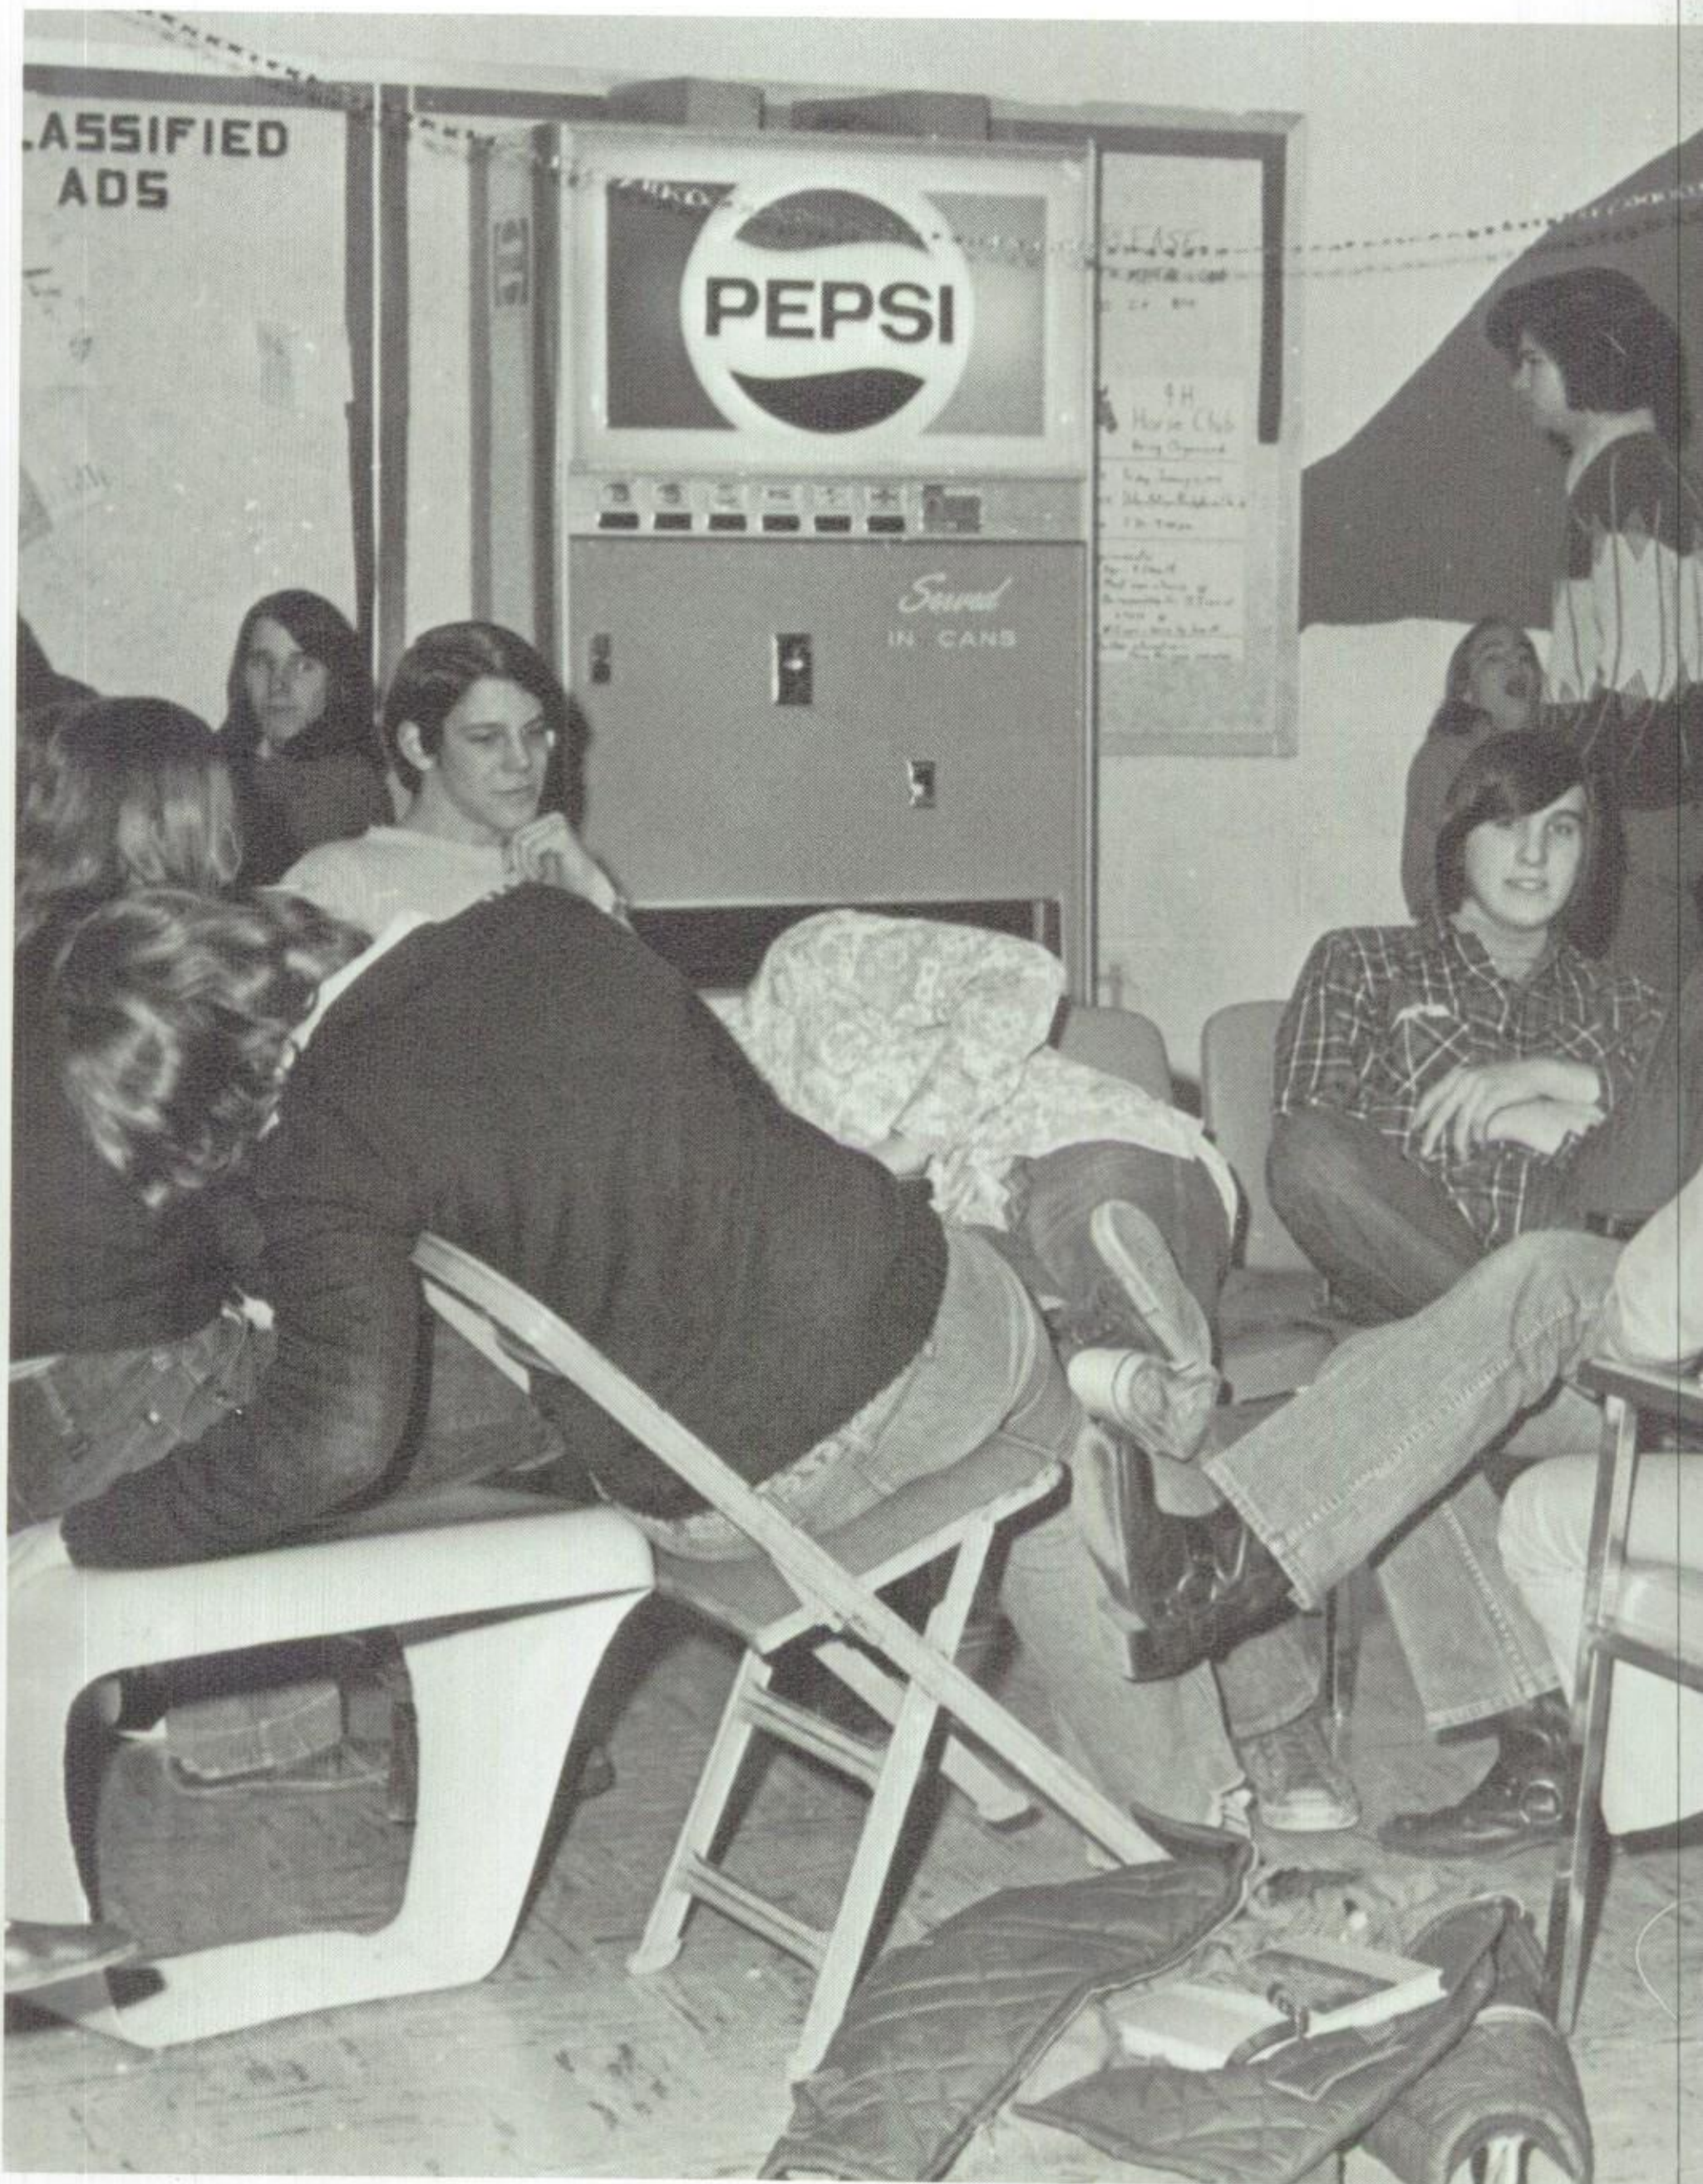

Communication is the theme of this yearbook.

In communication, the world has found its common ground. Spoken words relate the meaning of things, thus uncovering relationships, while correspondence and written words reveal one-to-one correspondences.

Unfortunately, the world is not unified. Knowing what people are about is, therefore, increasingly necessary. The time has come to listen with understanding and to reply with thought so that some day the themes of this world will become us.

The 1972-73 school year marks the beginning of the Marching Indians. This 125 member unit is composed of band members, flag twirlers, majorettes, color guard, and Indian mascot. This colorful display of precision marching and fine music has appeared in numerous parades and marching exhibitions. Winning a first place trophy in the Parkesburg Centennial Parade was one of the first highlights of the year. The band is looking forward to the on-coming season of many scheduled events. THE INDIANS ARE ON THE UP-RISING!

I got the U.H.S.
I got the Unionville High School blues.
Not the yellow, not the red, not the pink or green,
I got the Unionville High School blues
Not the Octorara
Or the Kennett Square
I got the Unionville High School blues.
It's up in the air;
It's even under my chair.
I got the Unionville High School blues.
It's standing tall;
It's walking down the hall;
I got the Unionville High School blues.
Not a victory call,
Not a Basketball,
I got the Unionville High School blues
It's big and bold;
It's called the blue and gold;
It's called the Unionville High School...

Communication
 If within your mind is created
 An Idea!
 Don't keep it within you;
 To others let it appear.
 Whether it changes the world,

 It is there.

 It will die, too;
 And all will be lost.

Ninth Grade - Class of '76
This class is relative to the old 1776 story of the cherry tree. When the tree was cut, the foliage died and rotted, but new growth grew. Thus it is with our class and our generation. We have rid ourselves of the old ways, but we are starting new ways by building upon the roots and the basis of the old. Illustrating this is that our class started the first junior high council casting out the accustomed way and yet preserving the basic system. The class of '76 is not going to stop at this. It will keep adding and improving, so watch out! This is a class that no one can stop, the class of '76.

Sixth Grade

The first six years of school are one big recess, but the next six years are all homework.

Stacy Taggart

One of the fun things about sixth grade was having dress-up day, mess-up day, hat day, and other special things.

Our seventh grade class consists of students from two schools who have come together for the first time. In the short while we have been together, we have created a bond of unity and friendship that will last long through our high school years.

JV Soccer

The J.V. Soccer team finished the 1972 season with the undefeated championship record of 13 wins, 0 losses, and 1 tie. The team dominated their competition completely by scoring 49 goals and allowing only 4 goals to be scored against them. Top goal scorers for the team were Don March with 10 and Chip Hug with 9. The team had great overall balance by having nine different players scoring goals during the season. Outstanding plays by the full-backs and by goalie J.P. Couglin resulted in 10 shutouts. Team captains were Ray Bowman and Warren Roten. Big things are predicted for this team as they move up to Varsity Soccer.

Varsity Basketball

The basketball team has performed far beyond my expectations. This group of young men has decided to win basketball games. We have just completed a very difficult pre-season schedule with 8 wins and 2 losses. Team spirit is high, and we feel ready to compete for the championship. It will take a tough team to beat Unionville's team. We are excited about this season and feel that success will be ours.

Lacrosse

The season began in April; of course - it rained. Anticipation mounted throughout the week, even though it rained every day. Finally the weather permitted us to begin playing. On soggy ground we all became acquainted.

I was delighted that so many girls were interested in learning how to play. With the aid of two talented seniors, we began shaping thirty-seven girls into two teams.

Our goalie was injured very early in the season, and another one had to be trained immediately. Our first game was with Upland. The girls played very well, but we lost. The fact that we scored on them pleased the girls very much.

We next played Nether Providence, and for the first time in years we won. Needless to say, it was an enjoyable experience for everyone including some curious parents who madly ran around taking pictures of this strange game.

We lost the following week to Coatesville, but came back to defeat Chi-Chester. The season ended with a 2-3 record. Despite injury and scheduling difficulties we had a good season. We all hope that lacrosse will become more popular at Unionville and gain the respect it deserves.

Golf

This year's golf team members were Kim Braly, Roy Bowman, Joe Sestrich, Tom Whiston, Paul Diamond, Bob Hew-ton, Monty Seitz, John Howard, and Mr. Bertrando, coach.

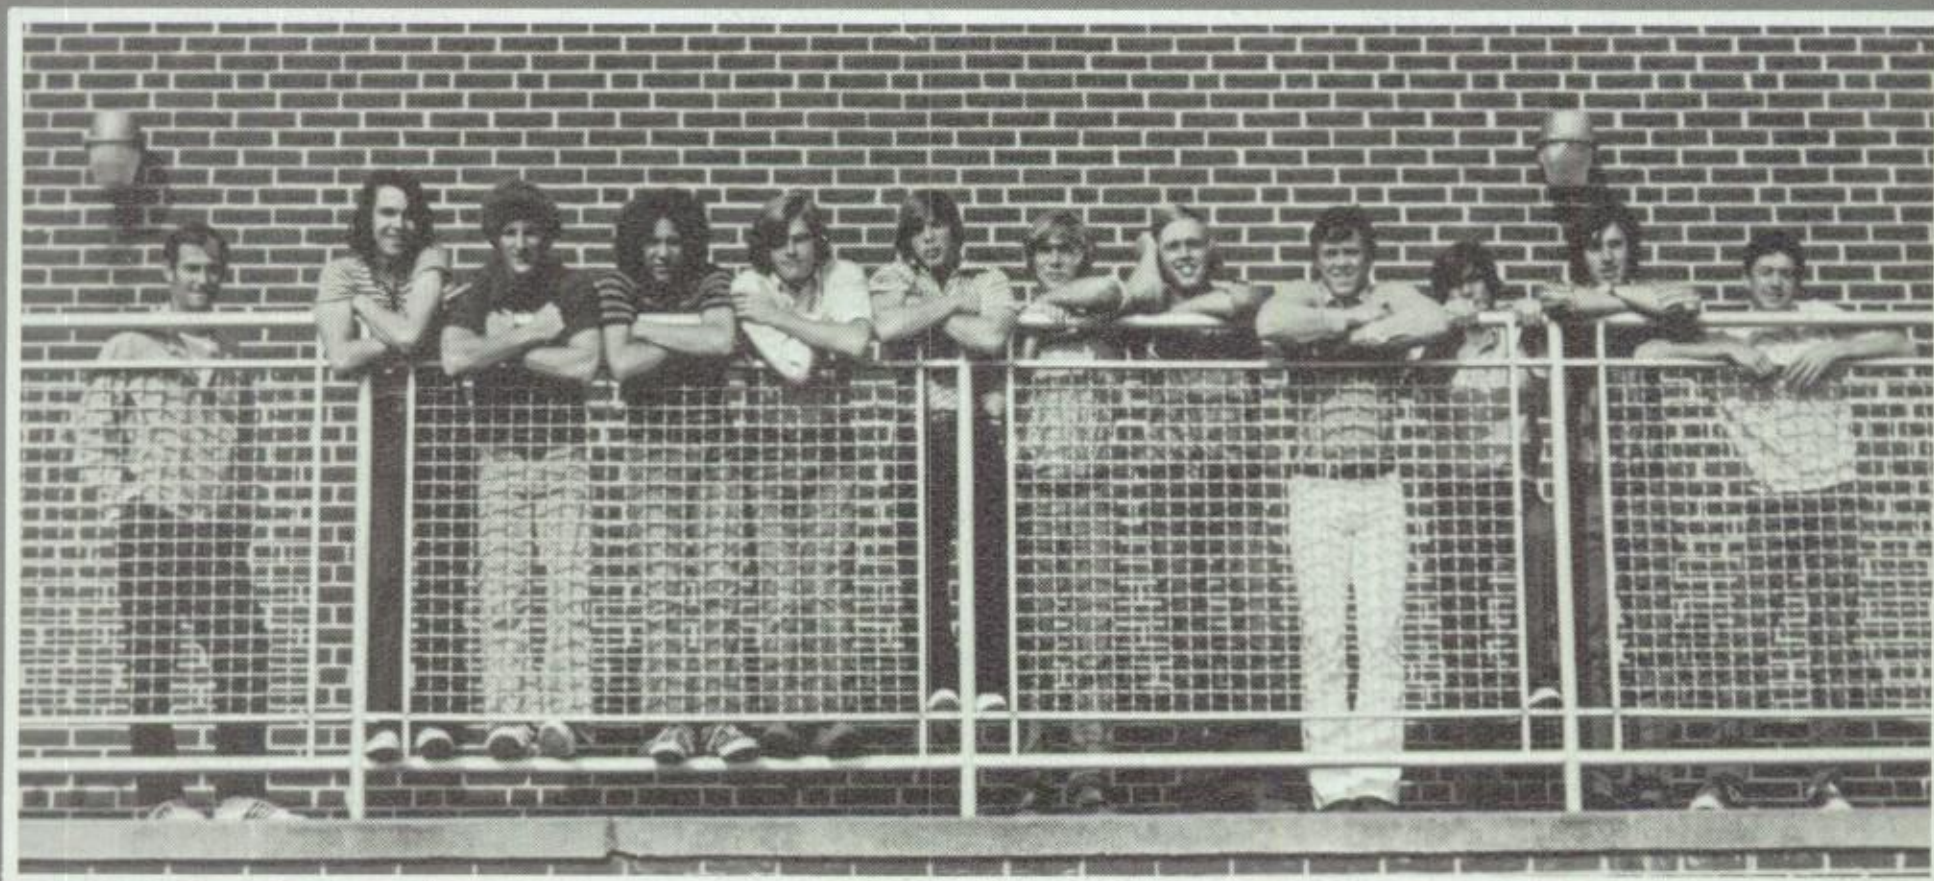

Varsity Baseball

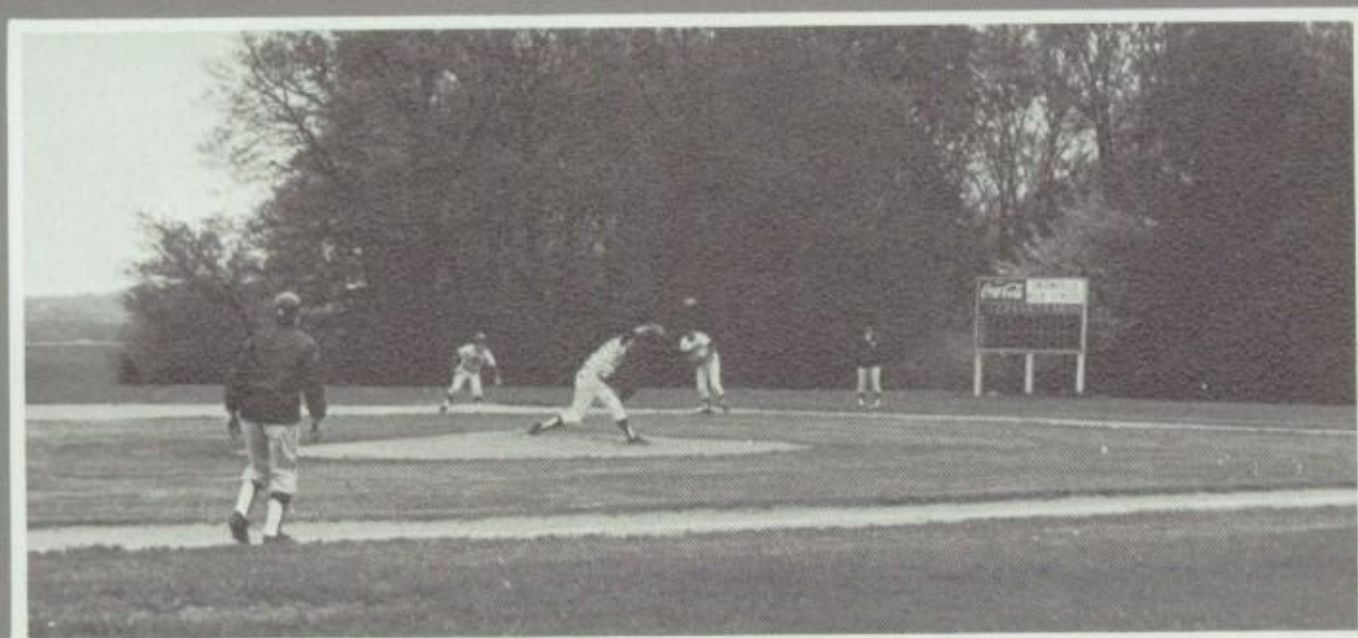

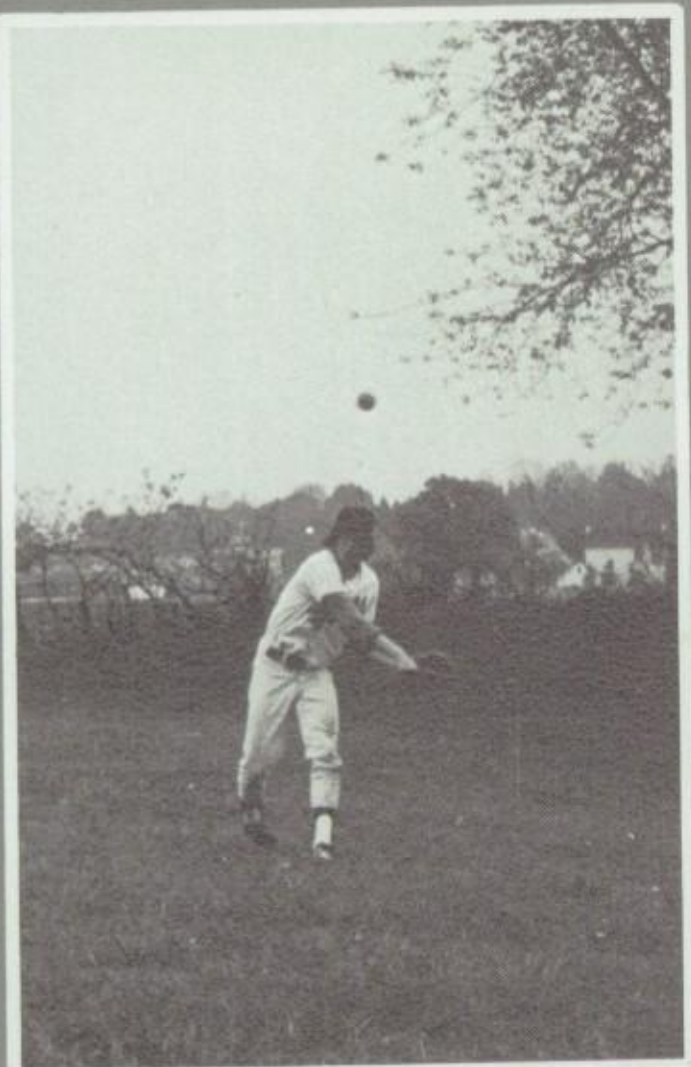

The baseball team came in third place for the second year in a row. We were led by Dan Kelly who is currently playing minor league ball for the Minnesota Twins.

Although we had fine performances by many members of the team, we were just not the best in the league. Jeff Brown pitched pretty good ball for us as did Jeff Reimer, Barry Erb, and Gary Drumheller. We just couldn't get that extra base hit when we needed it, or we just weren't fortunate enough to make the big play in the field when we really needed it.

Even though we didn't win the league title, I really feel proud of ourselves because we always kept trying as hard as we could, and boys who never quit trying as hard as they can are the real winners.

Samuel Hagen

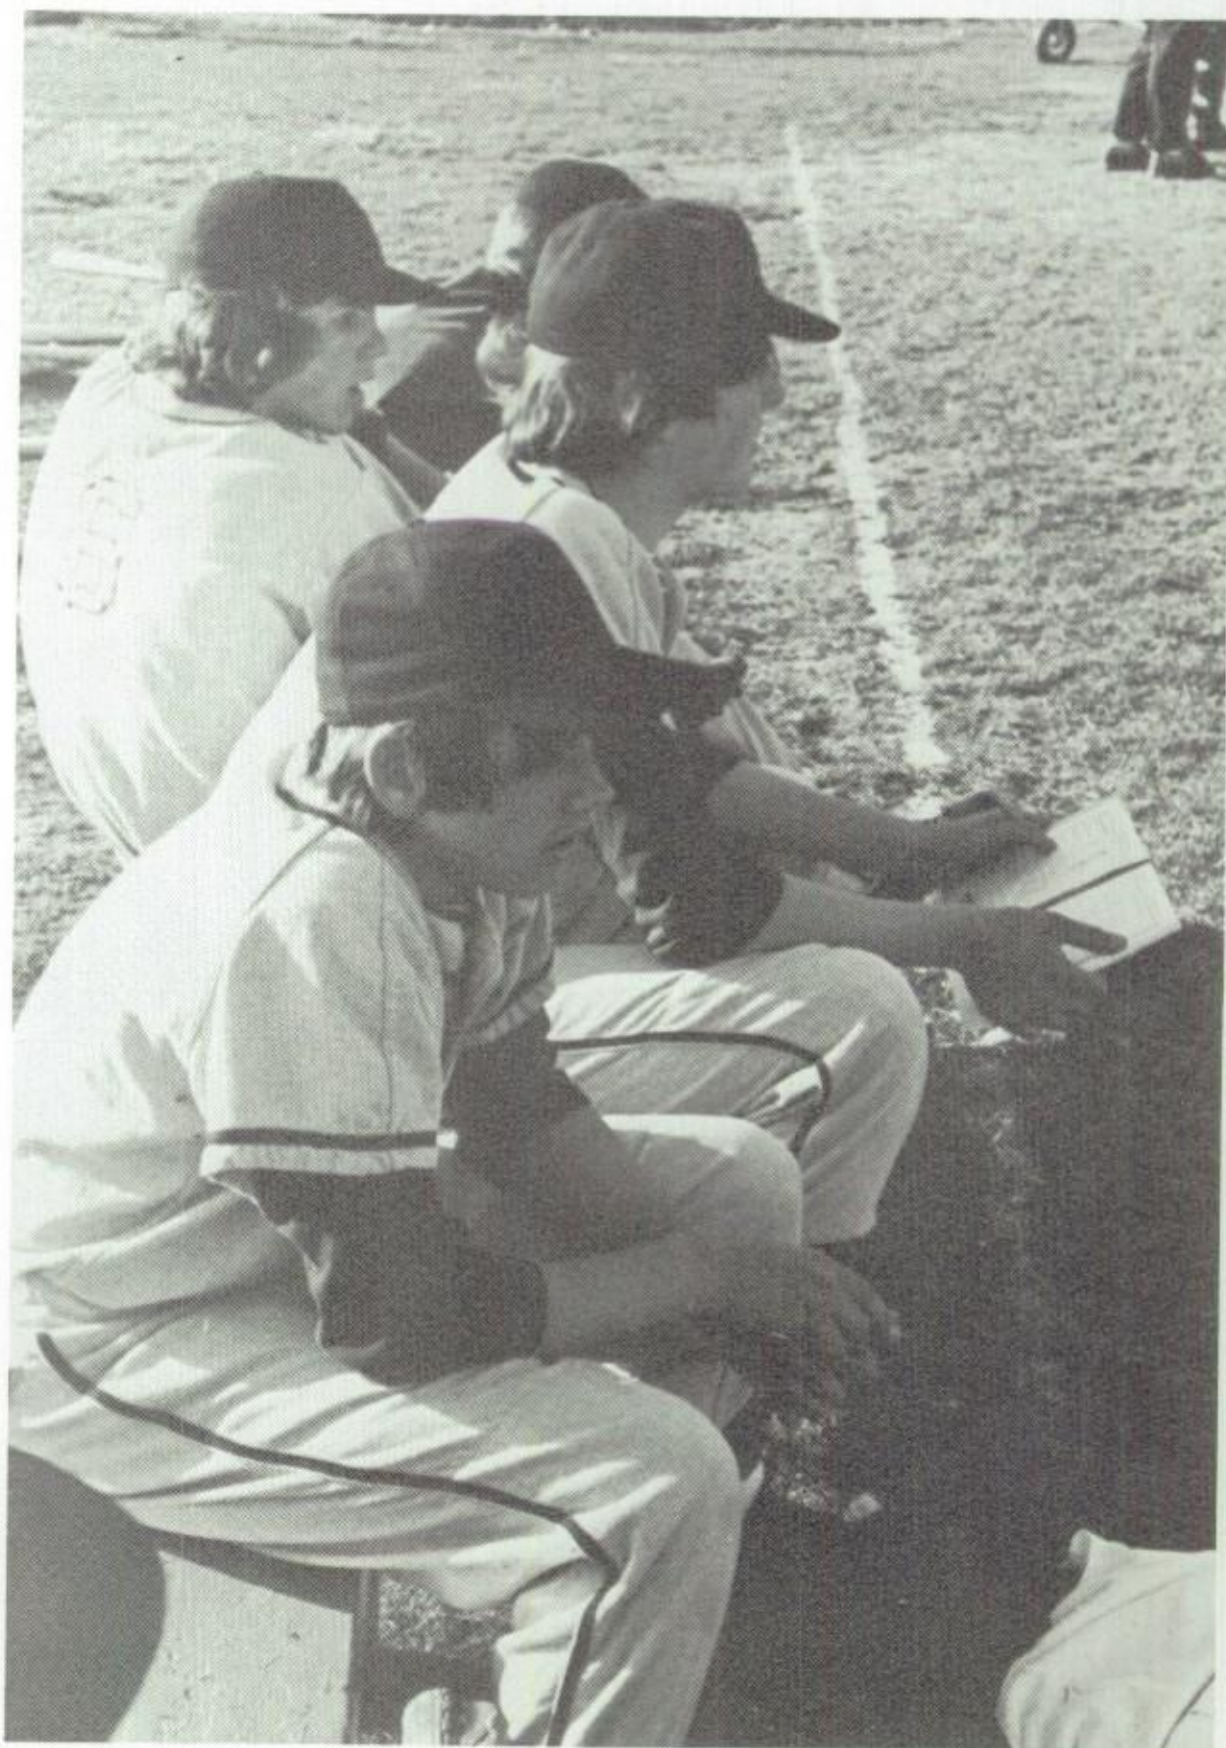

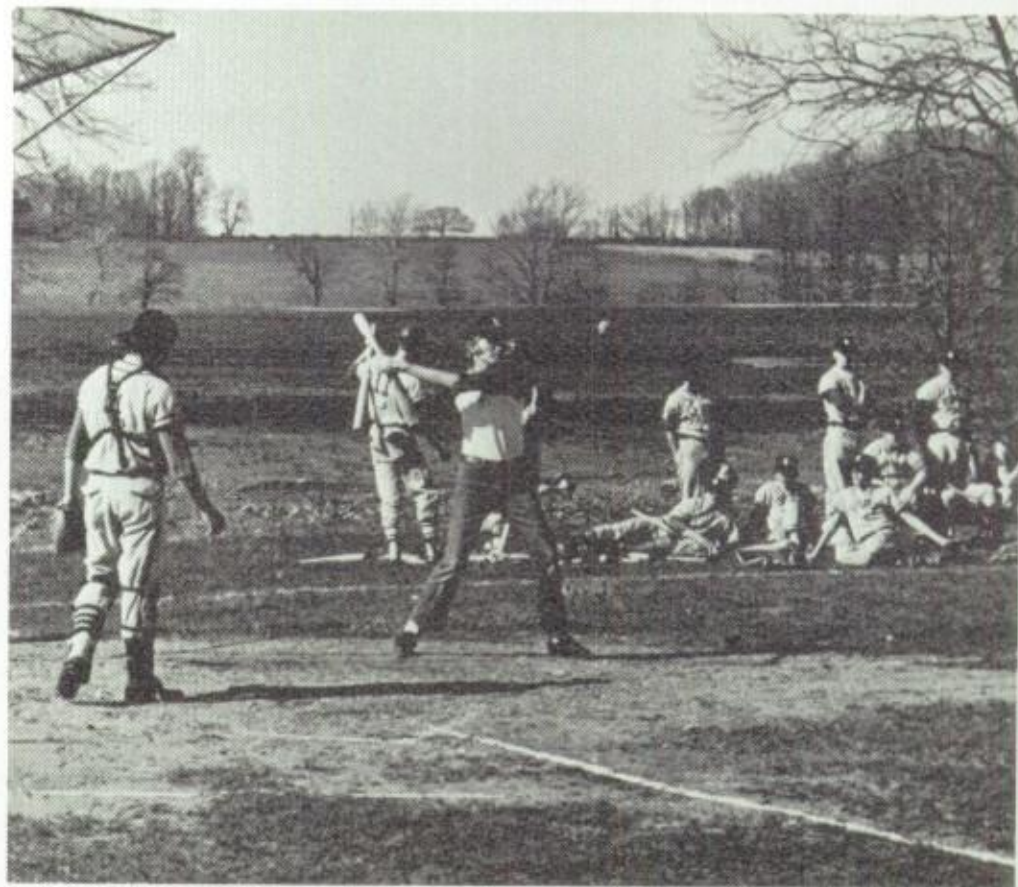

The members of the 1972 varsity baseball team were Danny Kelly, Gary Drumheller, Dicky DeNenno, Richard Berlin, Mike Miller, Jamie Tebay, Richard Moore, Jeff Brown, Ed Bennett, Jeff Reimer, Barry Erb, and Mr. Hagen, coach.

First practice - disastrous! The auditorium looked so empty. I forgot my words and lost my place. I was very embarrassed!

Sept. 14

Second practice - how everyone improved! It wasn't quite as bad as the first practice, yet still scary.

Sept. 19

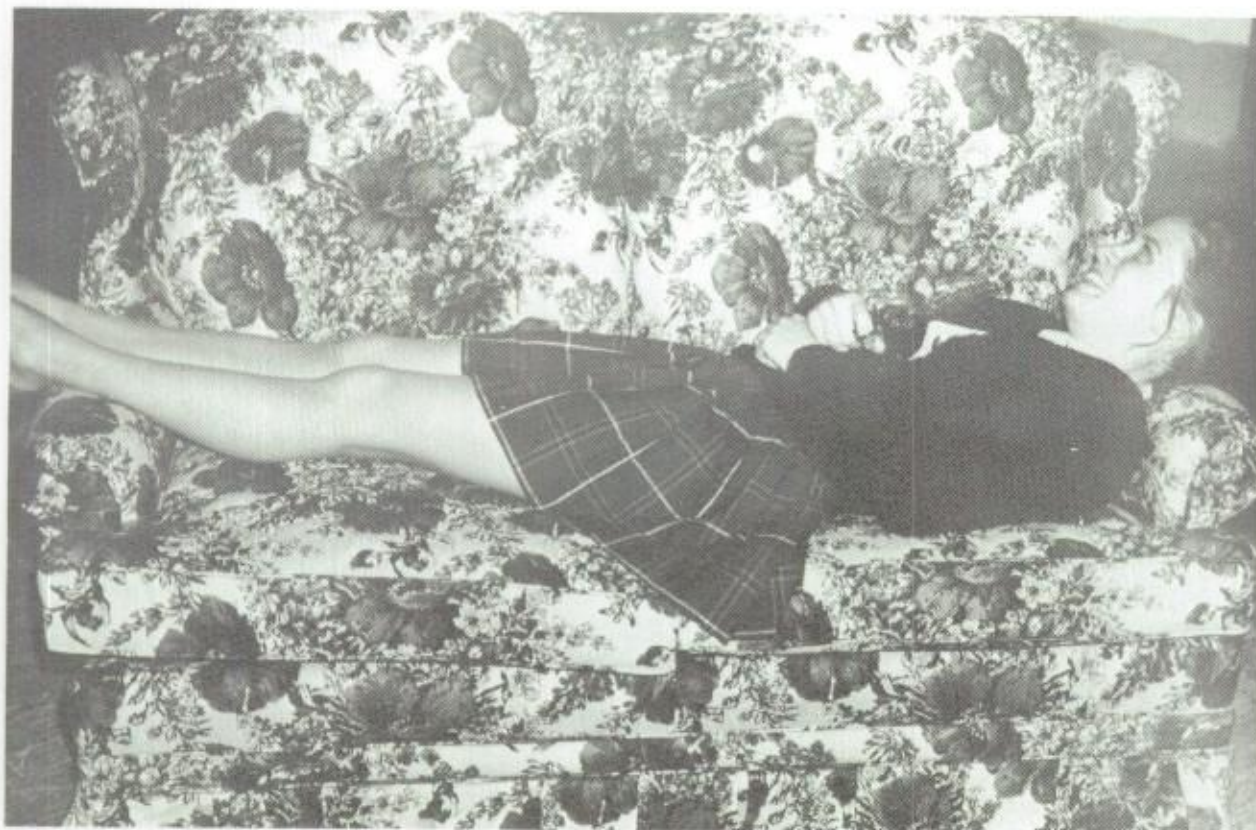

Smile! My muscles hurt! I got overconfident and messed up my song. We learned to walk and sit. Don't forget to smile!

Sept. 21

They say, "If there is a bad rehearsal, the show will be good." I hope so because this rehearsal hurt! Everyone is so nice; why can't the world be as kind?
